MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of January, the Department of Human Services received 4,061 applications for Aid to Families with Dependent Children, an increase of 428 (11.8 percent) over the number received during December, 1981. In comparison with the number of applications received during January of the preceding year, there was an increase of 84 applications (2.1 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,024 AFDC applications during January. This number was 60.1 percent of the total applications on hand. It compares with 60.9 percent of the total number on hand for which investigations were completed during the preceding month and 61.7 percent for which investigations were completed during the same month of the preceding year. Two thousand five hundred and twenty-one (2,521) (62.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 2,671 applications (65.2 percent of those investigated) approved the preceding month and 2,428 applicants (62.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 5.6 percent from the number approved in December, but an increase of 3.8 percent over the number approved in January, 1981. The rate of approvals for the AFDC Program decreased from the preceding month by 2.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.5 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during January amounted to $6,302,077.00. This was an increase of 0.9 percent over the amount of money payments for December, but a decrease of 15.5 percent from the money payments for January of the preceding year. Payments were made for 56,229 families with 101,751 children at an average grant of $112.08 per family and $61.94 per child. The average grant decreased from December by $0.03 per family but increased $0.10 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.45 per family but an increase of $1.29 per child.

CASES CLOSED

Two thousand five hundred and nineteen (2,519) AFDC cases were closed during January, an increase of 28.1 percent over the December closures. In comparison with the same month of the preceding year, the closures showed an increase of 22.7 percent. Seven hundred and forty-nine (749) (29.7 percent) of the AFDC cases closed during January were closed because of a change in economic circumstances, chiefly employment, increased earnings, or receipt of OASDI, making these cases no longer in need in accordance with the standards of the Department. One thousand seven hundred and seventy (1,770) (70.3 percent of the total number closed) had had no change in economic circumstances, but were closed because they could no longer meet some eligibility requirement other than need, refused to comply with procedural requirement, or requested that their cases be closed.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of February, the Department of Human Services received 4,019 applications for Aid to Families with Dependent Children, a decrease of 42 (1.0 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year, there was an increase of 362 applications (9.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,724 AFDC applications during February. This number was 55.7 percent of the total applications on hand. It compares with 60.1 percent of the total number on hand for which investigations were completed during the preceding month and 60.8 percent for which investigations were completed during the same month of the preceding year. Two thousand two hundred and ninety-seven (2,297) (61.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 2,521 applicants (62.6 percent of those investigated) approved the preceding month and 2,315 applicants (62.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 8.9 percent from the number approved in January, and a decrease of 0.8 percent from the number approved in February, 1981. The rate of approvals for the AFDC Program decreased from the preceding month by 0.9 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 0.9 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during February amounted to $6,255,774.00. This was a decrease of 0.7 percent from the amount of money payments for January, and a decrease of 16.3 percent from the money payments for February of the preceding year. Payments were made for 55,907 families with 101,026 children at an average grant of $111.90 per family and $61,92 per child. The average grant decreased from January by $0.18 per family and $0.02 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.38 per family but an increase of $1.36 per child.

CASES CLOSED

Two thousand four hundred and four (2,404) AFDC cases were closed during February, a decrease of 4.6 percent from the January closures. In comparison with the same month of the preceding year, the closures showed an increase of 14.0 percent. Nine hundred and two (902) (37.5 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly employment, increased earnings, or receipt of OASDI, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and two (1,502) (62.5 percent of the total number closed) had had no change in economic circumstances, but were closed because they could no longer meet some eligibility requirement other than need, refused to comply with procedural requirement, or requested that their cases be closed.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of March, the Department of Human Services received 4,162 applications for Aid to Families with Dependent Children, an increase of 143 (3.6 percent) over the number received during February. In comparison with the number of applications received during March of the preceding year, there was a decrease of 309 applications (6.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,514 AFDC applications during March. This number was 63.3 percent of the total applications on hand. It compares with 55.7 percent of the total number on hand for which investigations were completed during the preceding month and 64.4 percent for which investigations were completed during the same month of the preceding year. Two thousand eight hundred and sixty-one (2,861) (63.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 2,297 applicants (61.7 percent of those investigated) approved the preceding month and 2,863 applicants (64.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 24.6 percent over the number approved in February, but a decrease of 0.1 percent from the number approved in March, 1981. The rate of approvals for the AFDC Program increased over the preceding month by 1.7 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.4 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during March amounted to $6,384,574.00. This was an increase of 2.1 percent over the amount of money payments for February, but a decrease of 16.3 percent from the money payments for March of the preceding year. Payments were made for 56,241 families with 101,533 children at an average grant of $112.63 per family and $62.39 per child. The average grant increased over February by $0.73 per family and $0.47 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.35 per family but an increase of $1.35 per child.

CASES CLOSED

Two thousand two hundred and twenty-seven (2,227) AFDC cases were closed during March, a decrease of 7.4 percent from the February closures. In comparison with the same month of the preceding year, the closures showed a decrease of 8.3 percent. Nine hundred and twenty-six (926) (41.6 percent) of the AFDC cases closed during March were closed because of a change in economic circumstances, chiefly employment, increased earnings, or receipt of OASDI, making these cases no longer in need in accordance with the standards of the Department. One thousand three hundred and one (1,301) (58.4 percent of the total number closed) had had no change in economic circumstances, but were closed because they could no longer meet some eligibility requirement other than need, refused to comply with procedural requirement, or requested that their cases be closed.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of April, the Department of Human Services received 3,600 applications for Aid to Families with Dependent Children, a decrease of 562 (13.5 percent) from the number received during March. In comparison with the number of applications received during April of the preceding year, there was a decrease of 336 applications (8.5 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,709 AFDC applications during April. This number was 59.7 percent of the total applications on hand. It compares with 63.3 percent of the total number on hand for which investigations were completed during the preceding month and 58.7 percent for which investigations were completed during the same month of the preceding year. Two thousand four hundred and fifteen (2,415) (65.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 2,861 applicants (63.4 percent of those investigated) approved the preceding month and 2,413 applicants (64.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 15.6 percent from the number approved in March, but an increase of 0.1 percent over the number approved in April, 1981. The rate of approvals for the AFDC Program increased over the preceding month by 1.7 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.6 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during April amounted to $6,221,106.00. This was a decrease of 2.6 percent from the amount of money payments for March, and a decrease of 16.7 percent from the money payments for April of the preceding year. Payments were made for 55,827 families with 100,542 children at an average grant of $111.44 per family and $61.88 per child. The average grant decreased from March by $1.19 per family and $0.51 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.36 per family but an increase of $1.34 per child.

CASES CLOSED

Two thousand five hundred and fifty-three (2,553) cases were closed during April, an increase of 14.6 percent over the March closures. In comparison with the same month of the preceding year, the closures showed a decrease of 2.1 percent. Nine hundred and ninety-five (995) (39.0 percent) of the AFDC cases closed during April were closed because of a change in economic circumstances, chiefly employment, increased earnings, or receipt of OASDI, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and fifty-eight (1,558) (61.0 percent of the total number closed) had had no change in economic circumstances, but were closed because they could no longer meet some eligibility requirement other than need, refused to comply with procedural requirements, or requested that their cases be closed.

MONTHLY REVIEW OF MEDICAL ASSISTANCE

During the month of April, the Department of Human Services received 2,225 applications for Medical Assistance. Of this number, 285 were children's applications for Medicaid Only, 758 were aged persons applying for Medically Needy, 0 were applications for Blind Medically Needy, 644 were for Disabled Medically Needy, and 538 were children's applications for the Medically Needy Program.

APPLICATIONS DISPOSED OF

Two hundred seventy-nine (279) applications processed were Medicaid Only, 733 were Aged Medically Needy, 0 were Blind Medically Needy, 692 were Disabled Medically Needy, and 616 were children's applications for Medically Needy. Of this total number processed, 1,089 (or 46.9 percent) were determined eligible for Medical Assistance. There were 242 Medicaid Only approvals, 418 Aged Medically Needy approvals, 0 Blind Medically Needy, 211 Disabled Medically Needy, and 218 were children's applications approved for Medically Needy. At the end of April the workers in the Department had 2,337 applications which had not been disposed of and were pending to next month. Of these, 290 were completed during the month and 351 were pending at the end of April.

CERTIFICATION CASES

At the end of March, there were 6,035 income certification cases continued to next month. These cases added to the 290 new cases for April made a total active case load of 6,325.
